Tell Lin are girl that can spell your name right - She knows you far so long.

To be or not to be . . .

As that was the question centuries ago, it is the question again today — and more important . . . Tomorrow! In the past year each Senior has struggled to try to wisely make perhaps the most vital decision of his life — whether to try to make his way in the world directly upon graduation, or to continue with his education at some institution of higher learning.

The Sophomores and Juniors have shared decisions, also . . . Questions loom up time after time as we each face our *Moments of Decision*. The past year is representative of these decisions — large and small, well-thought-out or unwise — each one important to our school life and helpful in shaping our individual lives and characters.

Remember how difficult it was to decide on your choice for Queen of that big dance? Each sports fan fought just as feverishly, in his own way, as did the athlete when he faced the moment when he had to decide whether to try for that basket . . . whether to run for that touchdown or make a pass . . .

Then there was the routine decisions — also important — which classes to take? — which clubs to join?

We have made mistakes, of course, but may these be considered by the new students as they face comparable *Moments of Decision!*

There will be decisions to be made in the future, too. No matter what these may be, those of the past are the foundation on which they will be made.

On the following pages we relive some of the decisions of our past — but who may say what the future holds in relationship to our . . .

Moments of Decision!!

The Spirit of

NORTH . . .

is intangible yet ever-present. It is evident at football games and in the crowded halls. It shines in the hearts of everyone who has ever had contact with *North High School*, its faculty, and students. There exists no greater symbol of this spirit than in the personage to which the 1957 Viking Annual is dedicated . . . *Miss Edith Brittain*. She has given her friendship, loyalty, and the greater part of her life in service to *North*. It is a privilege to consider her as a Viking.

With truly humble and sincere appreciation we of *North High School* dedicate the 1957 Viking Annual to you . . . *Miss Edith Brittain!*

STUDENT LIFE

Through these past years, the decisions made by the faculty have had a great effect on our lives. Have you ever stopped and thought about the amount of time, figuring, and careful consideration the teachers give in deciding what grade you will receive, or the amount of time they spend in sponsoring our club activities? Everything they do and say affects our lives in some way, no matter how large or small. At the time, we may not fully appreciate the corrections or advice a teacher may give to us, but in later years their advice might prove to be of great assistance in determining the track our lives may follow. We are indebted to the teachers in every way for everything they do for us . . .

Moments of decision are plentiful in the atmosphere of testing. Both the teacher and student are faced with many decisions. Before the test, the teacher must decide how much the test should cover, should it be true or false, fill in or multiple choice? Also, at home, the student faces the decision of how to study.

In the silence of the classroom, the student alone faces many decisions. "Shall I put yes or shall I put no? Does it sound true? . . . No, false! . . . What does the teacher mean by this? There are three answers and all are true. Shall I put 'A'? It sounds true, but so does 'B.' What will I do?" The decision is mine . . .

Although the decisions you make concerning your high school activities may seem insignificant and unimportant, they will become the foundations of your future interests and ambitions. They are the decisions that mould your character in later life and determine whether your interests lie in medicine, education, or in any other profession. Here at North you will find an organization which can benefit you in the future. Many doctors, lawyers, laymen, and businessmen are former members of North High clubs. Not only are these activities educational, but you will find many hours of enjoyment and relaxation through them. In these activities you have been given the opportunity to experience pleasure and also to learn. Whether you do or do not take advantage is up to you . . .

Student Council

Democracy in action is the Student Council. Being enlarged this year, the organization can do an even better job. Student Council develops a closer co-operation among the faculty, students, and the community of North High. Lunch hour movies, several sport dances, and school elections were some of the jobs of student council this year.

The DAR Award is given to a senior girl outstanding in leadership, scholarship, character, and honesty; it is a great honor to be selected for this award. The 1916 Contest winners are selected by the skill they show in extemporaneous speaking; they represent North in the city Shafroth Contest. The Betty Crocker Homemaker of Tomorrow Award is presented to the girl proving herself to be the most outstanding in the homemaking field. She then represents North in the state finals, and is eligible for many national scholarships.

Math Club

The objectives of the Math Club are to provide a realization of the use of mathematics and the fun and understanding involved. To enable the club members to better understand the fascinating subject of mathematics, many excursions, lectures, special reports, and programs are worked into the meeting agenda. The main purpose, however, is to learn more about the use of the slide rule. The club sold candy canes, before Christmas, as their money-making project.

Webster Oratorical Society

What was Daniel Webster's first name?

Students interested in public speaking may belong to Webster. To join, a student must pass a tryout which is judged by a committee. Webster sponsors the 1916 contest. This contest is open to all students interested in extemporaneous speaking. Another speaking contest which Webster sponsors is the inter-high school extemporaneous speaking contest, Shafroth. The organization also has outside speakers, debates, panels, and intra-club programs.

I.R.C. Officers

International Relations Club

The International Relations Club is designed to give students a better understanding about other nations. In the club meeting topics of current importance are discussed. Through these discussions the members learn how other countries think and act concerning current world affairs. During the year the members are allowed to attend the State Convention, held at D.U.; and the City Convention, held at one of the city high schools. This year at the City Convention a mock General Assembly of the United Nations was held, and current topics discussed. Selling pennants proved to be a very profitable money-making project for this year's IRC.

The Lyres Club members are accepted after application has been made, and they have a try-out in which the members act as the judges. Girls Hi-Y

Girls Hi-Y is a service club at North, which, through the course of the school year, performs many tasks. They not only make layettes for needy families, but they also enjoy an annual tea and banquet. Many other enjoyable events are held during the year, and each member procures, through this club, much knowledge and service.

Reserve Officers Training Corps

ROTC Rifle Team

Reserve Officers Training Corps — or ROTC as it is more commonly called — is helpful to the graduate as he enters his service training. Good citizenship and a variety of subjects including map reading, first aid, marksmanship, weapons, and basic military service tactics are stressed. Various social activities and inter-school competitions take place throughout the year. Each year a Military Ball is held. NORTH HIGH SCHOOL ROTC has an outstanding Drill Team and Rifle Team.

In the past years that we have spent here at North, we have been faced with many decisions. Some of these decisions may seem trivial as we look back. One of the most important decisions we have had to make has been the decision to elect our kings and queens.

The Vi-Queen and Vi-King were chosen by the Annual Board. They were judged on (1) service to the school, (2) grades, (3) leadership, (4) citizenship, (5) outside of school activities, and (6) if the person gets as much recognition as he or she deserves. They were truly the people behind the scenes at North.

The choices of Vi-Queen and Vi-King have been very hard decisions for the members of the Annual Board . . .

Decision is a basic structure of competition. Innumerable athletic contests balance on this phase of judgment. This is a portion of athletics not noted from the grandstand although signs of it are evident. Insignificant as it may seem, its importance rates with that of a key block, deceptive footwork, spectacular catch, and synchronized stroke of the bat.

This phase of decision is handled in different ways in different situations. In some, by the quarterback, the catcher calling signals, the wrestler waiting for the opportunity for a pin, and in all situations the coaches. Lastly, it is a decision for every individual in this field; a decision in which you decide if you want to be a part of tradition here at North; a decision that accompanies a student through this medium of athletics . . .

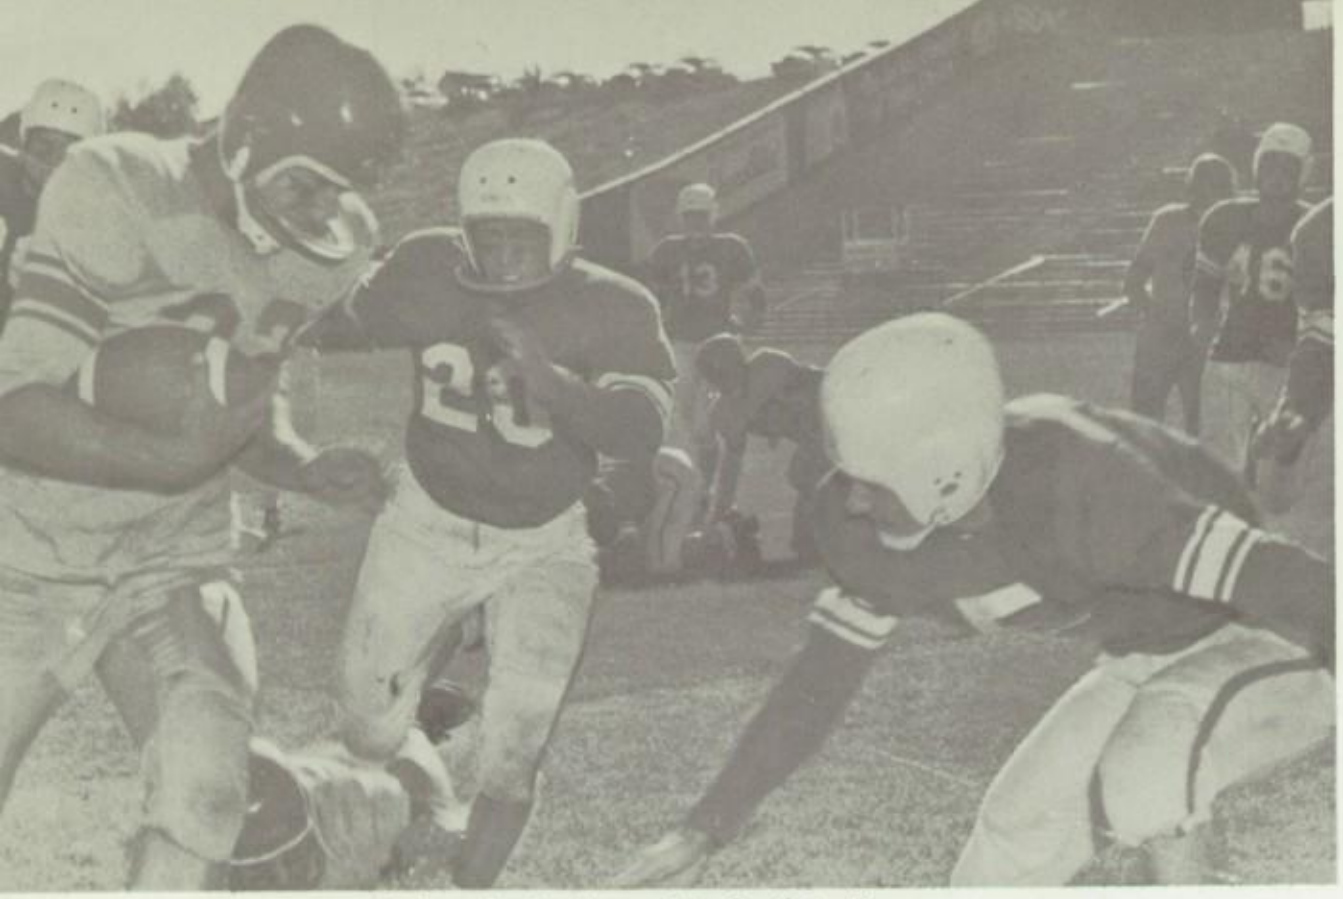
EAST

North's first game in league play was a bruising, high scoring game against the East Angels who defeated us in a final score of 26-19. After winning the next 3 games North went against an undefeated Angel team to lose in another bitter game by a slim margin of 12-6. A tight defensive game.

Reseigh snags end zone pass.



Corbetta bucks his way into South territory.

SOUTH

The North Vikings went one for one with the South High Rebels. Poor ball handling and blocking marred the offense in the first game, leaving a final score of 13-6, in favor of the Vikings.

The second time around, a greatly improved South team met a group of Vikings, down hearted by the previous loss to East and defeated the Vikings 19-0.

Corbetta is dropped after a short gain.

MANUAL

The first Viking-Manual game was one of the finest defensive contests of the league season. The only score in the game came in the first half. Ron Krasovich broke over center for a long gain to the Bolt's 28 yard line. A pass from John DeSiato to Krasovich carried to the 6. Corbetta then carried to the one, and on the next play scored on a center plunge.

The first game was certainly no indication of what was to happen in the second game. Perhaps the Viks felt the effects of their previous loss to the South High Rebels, or maybe it was Marvin Oliver who had been moved to the Manual backfield, that led to the score of 38-12, Manual over North.

Durbin up-ended in Manual game

Mariacher and Progar bring down a West player.

WEST

North's Homecoming game proved to be a victorious one for the Viks. Blaine Riley and Captain Ray Corbetta cashed in the two touchdowns along with fine offensive blocking by fullback Ron Krasovich. Ron English climaxed a West drive with a T.D. The conversion was blocked by George O'Brien.

The second game was a hard and bitter battle. It was a real heartbreaker for the Viks to lose such a game by a score of 21-20. Both teams suffered from penalties which caused touchdowns to be called back. Although we lost, it was one of the finest games played by the Viks all season.

Krasovich is touchdown bound.

A 23-25 match standings told the story of the 1957 tennis season. Considering the lack of experience we did relatively well. From this season's record turned in by the sophomores and juniors it can be anticipated that we will be strong contenders to take away the crown from the East High Angels in the near future.

Hollis drives for two against East.

Coach Salen and his associates produced a fine Co-City Championship basketball team this year. It was the first time in nineteen years that North has dominated the city roundballers. It was the team as a whole, working and cooperating together, that shared the championship berth with Manual. Our season record in the city was 6-2 and an over all record of 17-4.

Dave Eastis, star center, received many individual honors which he well deserved. It was a fine season for the Viks, one that can be remembered for a good many years to come.

Wrestling

During the 1957 wrestling season the Vikings worked their way through the season with three wins and one loss. They entered the city wrestling tournament with high hopes. The Vikings ended the tournament with four all-city wrestling champions. Burton Smith took the 112 pound division with Gary Hartley gaining a decision over his man in the 120 pound class. Jim Harden, wrestling at 133 pounds, and Roy Kahler, wrestling at 154 pounds, also gained decisions over their men.

The North Vikings entered eight men in the state tournament. Bob Olson, wrestling at 95 pounds, went to the quarter-finals and then was defeated. The other wrestlers were defeated earlier in the tournament. Mickey Gonzales, a reserve, earned his varsity letter by placing in city competition.

Gymnastics

The Viking Gymnastic team as well as participating in inner school and A.A.U. meets, puts on many performances for various school functions such as Father and Son Night. This sport is by no means an easy one. The boys participating spend a class period every day out of the school year in preparation for various meets. It deserves a great deal more recognition than it receives for many hours of hard work go into developing a team that our school can be proud of.

Chuck Brandenburg, city record holder.

This year North saw one of the strongest swim teams perform outstandingly in competition. Strong as we were though, we could not take the city or state championship. The mermen finished second, a few points behind East, in the city, and second behind a very powerful Cheyenne team in the state.

Outstanding individual swimmers were Chuck Brandenburg and Bill Miller. Chuck holds the city and state record in the breast-stroke event and Bill holds the city record in the 200 yard free-style event.

Baseball

The 1957 Viking Baseball Team will probably be handicapped this year by the loss of many lettermen. The team is exceptionally strong defensively but the hitting is only fair. If team spirit is kept up and an ample amount of school spirit given, the team should be a top contender for city championship.

During your years here at North you have faced, at various times, moments of decision. These decisions ranged from the deep frustration of selecting the following semester's courses to the minor decision of choosing the appropriate clothing for the day. But there have also been innumerable occasions in which you have been free from the pressure of schoolwork and responsibilities, for high school days are filled with pleasant memories which linger long after you pass through the portals of North.

Your leisure time has included events in which you have encountered sad and joyous moments in games, dances, highlight assemblies, rallies, and jovial heydays. In the years to come, you can look back and recall the memorable events in which you have participated during your leisure time . . .

The main purpose of the 1957 Viking Staff has been to create an annual worthy of acceptance to the North High student body. With this thought in mind, the staff has spent many hours outside of school time striving for perfection in every way. It is the sincere hope of this year's Annual Board that the 1957 Viking will fulfill the hopes and desires, not only of the senior class, but of the complete student body.

Dear Marcia,

It seems that during our highschool years we have become better friends. I know next year will be a good one, and that we will have a lot of fun yelling at Valkyries!
Lots of luck to a wonderful girl. You know Marcia, my dad thought more of you than any friend of mine. He knew how to pick them!

Love,
Mary

Dear Marcia

Maybe next year we'll get lunch, and we'll iron it up, after all it should be our last year. Next summer we'll all have to get together
